CHEN 4755 Undergraduate Seminar

“Why Join AIChE and the U of U Student Chapter?”

Prof. Trujillo, AIChE Officers, ChemE Car Club

January 13, 2015

10:45 – 11:35 AM

WEB L104

Abstract

This seminar will introduce you to undergraduate seminar and the AIChE (American Institute of Chemical Engineers), the technical society for chemical engineers. Student officers will explain the various activities that they do and how you can participate. We will also discuss why it is important that you join as a student member. Members of the ChemE car team will be there talking about their cars and the competitions.
